Smart Intercom Technologies-AI

Leading AI Technologies

Facial recognition door entry

Your face is your identity. The underlying anti-spoofing liveness detection algorithm makes it hard to be fooled by photos or videos.

Offline voice control

Use your voice to control indoor monitors. The voice data is processed directly on the device, which is faster and securer compared with an online method.

Fall detection

Exploring the synergy of image recognition technique and neural network machine learning, Akuvox empowers intercoms to increase in-home safety for older people.

Smart Intercom Technologies-Cloud

Smart Cloud Intercom

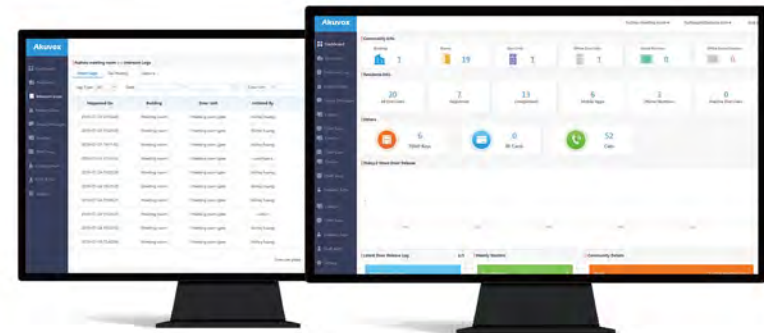

Easy-to-use intercom app for end users

- Video calling and remote door unlocking
- Video preview and live view
- Issue time-limited QR code keys and guest PINs
- Door unlocking via Bluetooth
- Offline push notification

Productivity boost for property managers

- Manage all properties centrally and remotely from a web browser, for example creating new app accounts for residents
- Access to time-and-date stamped photos of all door entries
- Assign time-limited PINs to delivery people

Smart Intercom Technologies-Android

Home Automation Integration

The openness of Android enables Akuvox indoor monitors to integrate an application for automated home control. With only one screen, homeowners can enjoy both home automation services and intercom features.

The easy-to-navigate Android UI offers stellar user experience. It is also open to deep customization to meet bespoke requirements.

Akuvox smart intercom has been proven to be fully interoperable with top smart home brands, including Control4, Zipato, RTI, iRidium and Core. The list is ongoing.

Smart Intercom Technologies-SIP & Security

Better Communication

Akuvox intercom is based on SIP, a universal IP communication protocol, allowing to build a large communication system.

- Premium audio and video quality
- Communication between any SIP-supporting systems
- Work with mobile phones and landlines

Greater Security

Smart intercom is able to not only connect with various alarm sensors like smoke detectors for greater home security, but also communicate and interact intelligently with common security systems, such as video surveillance and building alarm systems.

Welcome to Smart Intercom Family

Akuvox R29C

World's First Facial Recognition Android Door Phone

- 7" capacitive touch screen working with gloves on
- Dual camera: one 120° wide-angle 3MP camera with IR and a second VGA 60° 5MP camera
- Support multiple access control methods: facial recognition, NFC, 13.56MHz and 125kHz access cards
- Anti-cold version (-40 °C to 55 °C) available
- Support plasterboard installation

For wall mounting

For flush mounting

Akuvox R28A

SIP Video Door Phone with Numeric Keypad

- 4.3 " color TFT LCD
- Premium audio and video quality
- All-aluminum body
- 116° wide-angle 2MP camera with automatic lighting
- Support multiple access control methods: NFC, 13.56MHz and 125kHz access cards
- Anti-cold (-40 °C to 55 °C)

For wall mounting

For flush mounting

Akuvox R26B

SIP Video Door Phone with Access Control

- Premium audio and video quality
- All-aluminum body
- Five buttons with name plate
- 116° wide-angle 2MP camera with automatic lighting
- Support 13.56MHz /125kHz access cards

For wall mounting

Door Phone

Akuvox R27A

SIP Video Door Phone with Numeric Keypad

- Premium audio and video quality
- All-aluminum body
- 116° wide-angle 2MP camera with automatic lighting
- Support multiple access control methods: NFC, 13.56MHz and 125kHz access cards
- Anti-cold version (-40 °C to 55 °C) available

Akuvox R26C

SIP Video Door Phone with Access Control

- Premium audio and video quality
- All-aluminum body
- 116° wide-angle 2MP camera with automatic lighting
- Support 13.56MHz access cards

Akuvox R26P

SIP Video Door Phone

- Premium audio and video quality
- All-aluminum body
- 116° wide-angle 2MP camera with automatic lighting

Akuvox R20A

Compact SIP Video Door Phone

- Premium audio and video quality
- 120° wide-angle 3MP camera with automatic lighting
- Support 13.56MHz and 125kHz access cards
- Ideal for environments with limited space

Akuvox R23C

SIP Door Phone with Access Control

- Premium audio quality
- All-aluminum body
- Support 13.56MHz access cards

Akuvox R23P

Simplest SIP Door Phone

- Premium audio quality
- All-aluminum body

Akuvox E21V

SIP Video Emergency Intercom

- Vandal-resistant with 316 grade stainless steel body
- Outdoor-rated with IP67 grade microphone and IP66 grade speaker
- Premium audio and video quality
- 116° wide-angle 2MP camera with automatic lighting

Akuvox E21A

SIP Emergency Intercom

- Vandal-resistant with 316 grade stainless steel body
- IK10 rating
- Outdoor-rated with IP67 grade microphone and IP66 grade speaker
- Premium audio quality

Door Phone

Upcoming Door Phone

Akuvox X916

World's First Android Door Phone with Starlight Camera

- 13" capacitive touch screen
- Dual camera
- Dual-microphone for noise reduction
- Support multiple access control methods: facial recognition, NFC, 13.56MHz and 125kHz access cards

Upcoming Door Phone

Akuvox R20K

Compact SIP Video Door Phone with Numeric Keypad

- Premium audio and video quality
- 116° wide-angle 2MP camera with automatic lighting
- Support 13.56MHz and 125kHz access cards
- Ideal for environments with limited space

Upcoming Door Phone

Akuvox E11R

Compact SIP Video Door Phone

- Premium audio and video quality
- 116° wide-angle 2MP camera with automatic lighting
- Support 13.56MHz and 125kHz access cards
- Ideal for environments with limited space

Akuvox IT83 / Akuvox C317

Android Indoor Monitor for Smart Home Solution

- 10" touch screen with 1280 x 800 resolution
- 8 channel inputs and 2 embedded relays
- Support 3rd-party apps
- Optional 1MP camera
- Optional built-in SIP PBX function
- Desktop mount available

For wall mounting

Optional desktop stand

Akuvox C312A

Touchscreen Audio Indoor Monitor

- Touchscreen numerical keypad
- 2.23" OLED display
- Built-in Wi-Fi (2.4GHz, IEEE802.11 b/g/n)
- Built-in Bluetooth V4.2(HS)
- Doorbell button support
- Magnetic bracket installation

For wall mounting

Akuvox IT82

Android Indoor Monitor for Smart Home Solution

- 7" touch screen with 1024 x 600 resolution
- 5 programmable pushbuttons
- 8 channel inputs and 1 embedded relay
- Support 3rd-party apps
- Optional 1MP camera
- Optional RF 433/869 application

Disclaimer: Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates.

Akuvox C315

Android Indoor Monitor for Smart Home Solution

- 7" touch screen with 1024 x 600 resolution
- 8 channel inputs and 1 embedded relay
- Support 3rd-party apps
- White color housing available
- Optional RF 433/869 application

Akuvox C313

Budget-friendly Indoor Monitor

- 7" touch screen with 800 x 480 resolution
- 8 channel inputs and 1 embedded relay
- White color housing available
- Optional RF 433/869 application

Android IP Video Phone

Akuvox R48G

Android IP Video Phone

- 7" touch screen with 1024 x 600 resolution
- Premium audio and video quality
- DTMF for remote door opening
- 2MP camera with privacy shutter
- Built-in Bluetooth, USB and Wi-Fi
- Support 3rd-party apps

Akuvox SmartPlus

Cloud-based Intercom App

- Video calling and remote door unlocking
- Video preview and live view
- Issue time-limited QR code keys and guest PINs
- Door unlocking via Bluetooth
- Offline push notification

Akuvox Vfone

SIP Softphone App for Intercom

- Audio/video calling
- Remote door unlocking
- Offline push notification
- Compatible with mainstream SIP servers

Akuvox SDMC

On-premise Software for Community-wide Intercom System Management

- Batch deployment of devices automatically
- Real-time video monitoring
- Access control management
- Messaging and ad pushing

Akuvox FacePro

PC-based Software for Facial Data Management

- Automatic R29C device search and connection
- Facial image import or facial data capture
- Addition, modification and deletion of facial data for R29C
- Facial data syncing between R29C and the software
- One-click facial data sharing between different R29Cs

Akuvox Sight

PC-based SIP Softphone for Akuvox Intercom

- Stream video from multiple intercom cameras
- Remote door unlocking
- Video communication with intercom

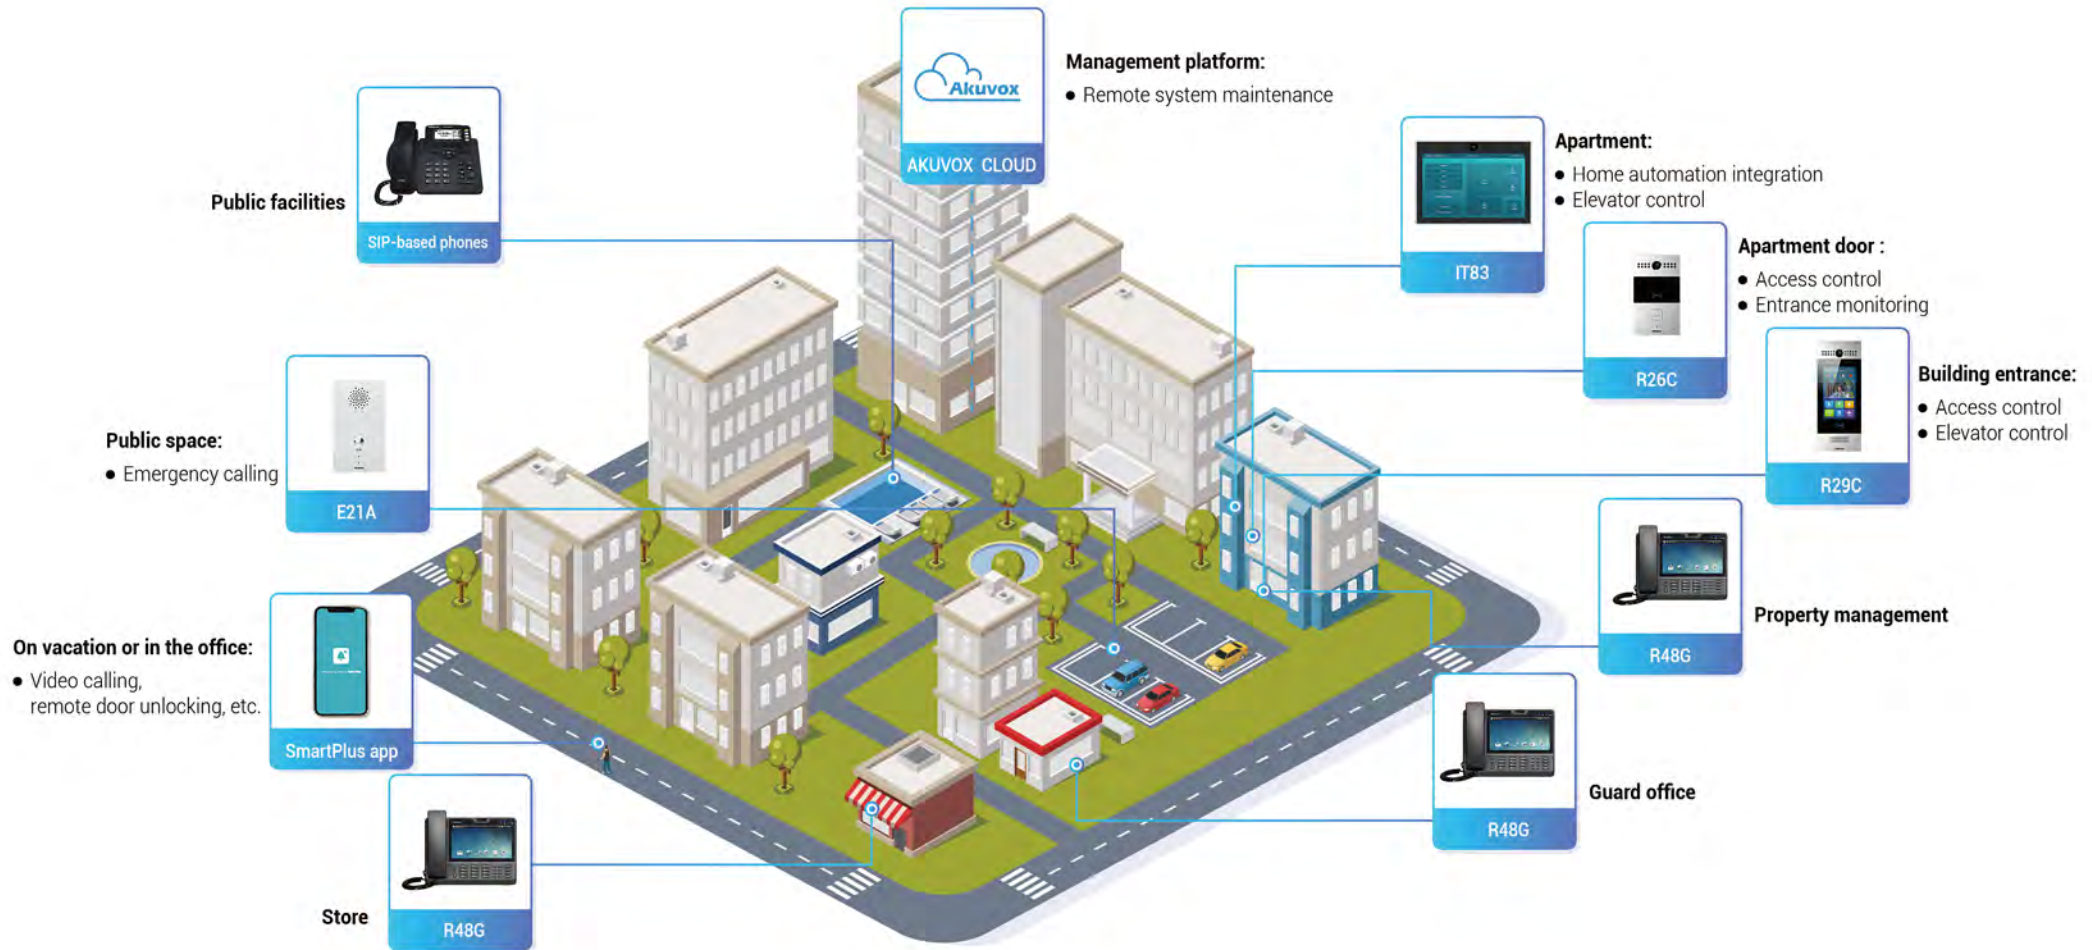

Smart Intercom Solution for RESIDENTIAL

As the standard of living improves, there are higher security and convenience requirements for modern residential living. This has posed new challenges to traditional intercom, which are monofunctional and antiquated, or simply don't function.

Highlights of Akuvox Smart Intercom Solution

- Build a large community-wide communication system
- Work with mobile phones and landlines
- Integrate home automation systems, video surveillance systems and property management systems
- Control elevator to allow visitors to access the authorized floor only or send the elevator to a desired floor
- App-based features, including video calling, remote door unlocking, alarm push notifications and messages from the property management
- Remote system maintenance via a web browser

Solution Overview

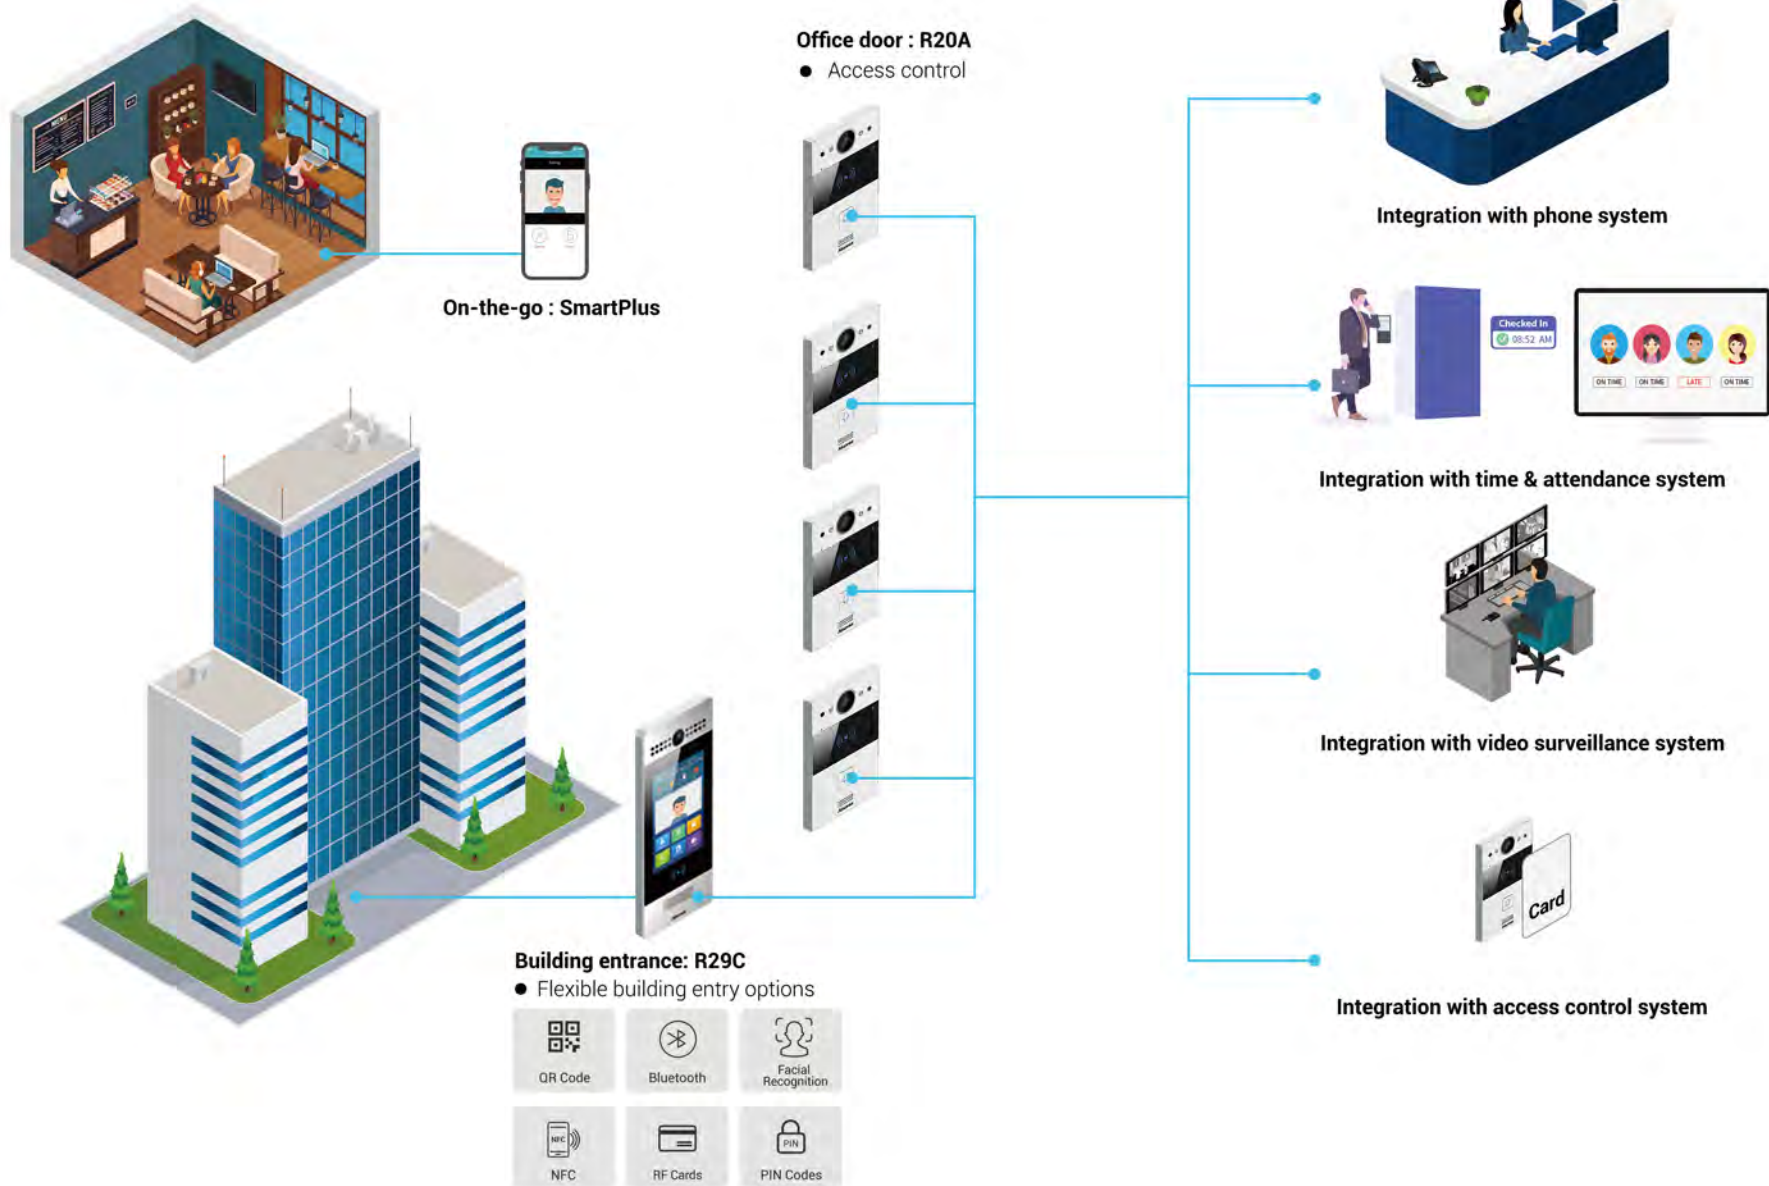

Smart Intercom Solution for COMMERCIAL

Due to rapid changes in the global economy, enterprises need to overcome more business challenges such as improving competitiveness, reducing costs and enhancing productivity. With the objective of maximizing the potential growth of a business by integrating people and technology, the intercom technology has come into play.

Highlights of Akuvox Smart Intercom Solution

- Flexible door entry options including facial recognition, NFC, RF cards and PIN codes
- Integrate access control systems, telephone systems, video surveillance systems and time & attendance systems
- Mobile app for business communication on the go

Solution Overview

Smart Intercom Solution

for CARE HOME

As the worldwide population ages, the healthcare system of every country faces significant challenges. Safety, trust and security are the key contributing factors to the health and wellbeing of older people, whether in their own homes or being taken care of in a care home.

Highlights of Akuvox Smart Intercom Solution

- Converge latest technologies, including SIP, Android and AI
- Easy-to-use system specially designed for older people
- 100% transmission of SOS signal to service centers with < 10 seconds SOS signal delay
- Telecare pendant for making emergency calls and unlocking doors remotely via RF
- Connect with various alarm sensors, such as door magnet and smoke detector, for greater home security
- Remote operation and maintenance of a large number of devices
- Easy to upgrade the system with new features

Solution Overview

Seek Help in an Emergency

Christina,
help, help, help!

Use the voice to issue an emergency call

Use a telecare pendant to make an emergency call

Automatic alerts raising when an alarm sensor is activated

Akuvox indoor monitor

24-hour service center

Designated family members

Convenience for Daily Life

Use a telecare pendant to unlock doors for visitors remotely

Answer the call from a door phone remotely via a Bluetooth speaker

Smart Intercom Solution for PUBLIC SAFETY

With terrorism and violence on the rise, the issue of safety, security and real-time information gains significance. To protect people, assets and property in the public space, there is an urgent need for advanced intercom technologies to react to situations in progress and manage everyday operations, public events, and emergency situations.

Highlights of Akuvox Smart Intercom Solution

- Premium speech quality in any situation
- Vandal-resistant body with IK10 rating
- Integrate with video surveillance systems
- Direct communication line to alarm centers or security guards on patrol

Solution Overview

Alarm center: R48G

- Video communication
- Video surveillance

Roaming guard with mobile app

Public space: E21V

- Emergency calling
